**Dunlop Sports Marketing Ltd. Tokyo, Japan | April 2018 ~ June 2021**

Sales Representative

- Customer information and budget management.
- Create proposals to acquire new clients and increase sales of existing clients.

---

## Projects

**A school website** - Skills: React.js, Node.js, Postgres [Website](#) / [GitHub](#)

Students and instructors can see their profile page, make new appointments, and schedule with a booking system.

**A social media app** - Skills: React.js, Node.js [Website](#) / [GitHub](#)

Like a social media app, you can create accounts and posts and remember them, with a limit of 140 characters, and you can see when a post is created in the past.

**A shopping cart** - Skills: TypeScript, JSON [Website](#) / [GitHub](#)

This is part of an eCommerce website where a user can select and buy each product. Furthermore, the total price is calculated by a function.

**A typing game** - Skills: TypeScript, Vite, Node.js [Website](#) / [GitHub](#)

A user can type some words with keys. Then the drawing is painted by user actions and correct answers. Just refresh the page to play the game again.
